

## U. S. DIPLOMATS GET NEW DEATH THREATS

Ambassador Herriek and Consul-General at Buenos Aires Warned.

### IN SACCO - VANZETTI CASE

Envoy to Paris Receives Black Hand Letter With Long Dagger Depicted.

Buenos Aires, Oct. 31.—William H. Robertson, the American Consul-General here, received another threatening letter to-day, written in illiterate Spanish, saying death was reserved for him in case the Italians Sacco and Vanzetti were executed in Massachusetts, and that a stick of dynamite was in readiness.

The police are endeavoring to locate the senders of this letter and of the previous communications of a similar nature. The American Embassy and the consulate continue to be guarded by detectives.

PARIS, Oct. 31.—The flood of letters of protest in the case of Sacco and Vanzetti, the two Italians convicted of murder in Massachusetts, which Ambassador Herriek has received within the last fortnight or so, had not included up to to-day one of the old fashioned "black hand" type. Such a letter came to hand this morning, however, a large, well drawn hand, filled with ink, occupying most of the sheet. At the upper left hand corner a skull and crossbones had been outlined, with the word "justice" underneath, while in the right hand corner a long dagger was depicted. The letter had been posted at Grenoble.

"Justice for Sacco and Vanzetti or death to Americans," was written at the bottom of the sheet.

HAVANA, Cuba, Oct. 31.—Considerable property damage was caused by the explosion of a bomb in the home of Fernando Gonzalez Verdenes, an architect, in a fashionable residence section of this city early this morning. The police were to-day investigating the explosion and appeared to believe it might be connected with threats by radicals against Major-General Enoch H. Crowder and the United States Legation here. These threats were contained in proclamations distributed throughout Havana Saturday night in connection with the case of Nicola Sacco and Bartolomeo Vanzetti, who have been convicted of murder in a Massachusetts court.

### TAX ON CORPORATIONS RETAINED; OTHERS CUT

Levy on Pianos and Sporting Goods Eliminated.

WASHINGTON, Oct. 31.—The Senate to-night proceeded with the tax revision bill with unusual celerity, voting to retain \$75,000,000 of taxes on corporations and lopping off many of the excise levies now in force.

The first important action was the adoption of an amendment proposing a graduated corporation capital stock tax at rates of \$1 on each \$1,000 of stock between \$5,000 and \$3,000,000 and \$2 per \$1,000 on all over \$3,000,000. Holding companies in paying this tax would be credited with the amount of the same tax paid by their subsidiaries.

Reconsidering its former action in approving the present 5 per cent. tax on pianos and other musical instruments, the Senate adopted an amendment repealing this tax.

The section proposing a 5 per cent. levy on sporting goods was next eliminated, 31 to 30.

### PHYSICIAN TO BE HANGED.

Brunfield Sentenced in Insurance Murder Plot.

ROSEBURG, Ore., Oct. 31.—Dr. Richard Melvin Brunfield was sentenced to-day to be hanged Friday, January 13, for the murder of Dennis Russell in what was said to be an insurance plot. Russell's headless body was found under Dr. Brunfield's wrecked automobile near here on July 13.

### CLIPS DAY OFF RECORD FROM RIO JANEIRO

Munson Liner American Legion Makes Fast Trip.

The Munson liner American Legion clipped a whole day from the record from Rio de Janeiro to this port on the trip she finished here yesterday, covering the course in eleven days, ten hours and fifty minutes. Her best southbound time is eleven days, one hour and forty-nine minutes.

Among her consular passengers was George Russell Spassord, one of three accused of desertion from the dreadnought Florida when she was in South American waters. With two other sailors Spassord set out from Buenos Aires for the interior of Argentina to look for gold. One died of fever and the other, who has been returned to this country, became insane. Spassord came through untouched mentally and very willing to return to his ship, which is at Boston. He will be sent to the naval receiving station here.

### SHIP FIGHTS STORM THAT KILLS OFFICER

Passengers and Crew on Liner Have Thrilling Time in Hatteras Waters.

Passengers and crew of the Panama Railroad liner Colon, which arrived from Panama yesterday, related accounts of one of the worst hurricanes ever encountered off Cape Hatteras. One life was lost and the ship was badly battered during the twenty-four hours that she drove through the storm.

The Colon was just inside Cape Hatteras waters when the storm broke. Within a few hours the wind attained a velocity of 140 miles an hour, her officers said. Chief Officer Patterson, who had the bridge at the time, was hurled against a rail, suffering internal injuries that proved fatal.

From then on the ship was tossed about in a most alarming manner. At one moment her rails were almost under, and it was feared by many of the passengers that she could not right herself. Water poured into her hold until it reached a depth of four feet, and it was kept out of the fire boxes with difficulty. Pumps were kept going for hours at a stretch. Every member of the crew was exhausted.

During the hurricane the passengers were kept in the cabins. Many of them were bruised in falls across the decks, but none was seriously hurt. The storm subsided suddenly and from then on the Colon experienced fine weather.

Patterson's body was brought ashore and his wife made arrangements to have it removed to their home in Portland, Me.

### GEN. MARCH RETIRES; HALE IS PROMOTED

Former Chief of Staff Has 30 Years' Service Record.

WASHINGTON, Oct. 31.—Major-General Peyton C. March, former Chief of Staff, who has been on leave of absence in Europe since July, will, at his own request, be retired to-morrow. The request for retirement was made some time ago after more than thirty years' service.

Announcement was made to-day of the promotion to fill the vacancy of Brigadier-General Harry C. Hale, now commanding the Second Brigade of the American forces in Germany, who will return to the United States. Col. Joseph C. Castner, assigned to the Eightieth Division Organized Reserves, at Richmond, Va., will fill the vacancy caused by the promotion of Brig.-Gen. Hale.

During the war Gen. Hale commanded the Eighty-fourth Division. Col. Castner commanded the Thirty-eighth Infantry, Third Division, in the United States and France, and during the St. Mihiel and Argonne offensives commanded the Ninth Infantry Brigade of the Fifth Division.

## CHARLES AND ZITA TO BOARD CRUISER

British War Vessel Awaits Former Emperor and Empress in Danube.

BUDAPEST, Oct. 31 (Associated Press).—Former Emperor Charles and Empress Zita will leave the Abbey at Tihany at noon to-morrow for Luna Poelvar, on the Danube River, where they will embark on the British gunboat Glowworm. They will be taken to Galatz, in Rumania, about 100 miles from the mouth of the Danube. Here they will be transferred to the cruiser Cardiff, which has been unable to go higher upstream owing to low water.

Special Cable to THE NEW YORK HERALD. Copyright, 1921, by THE NEW YORK HERALD. New York Herald Bureau. Berlin, Oct. 31.—Reports reaching here from Vienna state that the Countess Anton Sikray, before her marriage Miss Harriet Daly, daughter of the late Marcus Daly of New York, is in Budapest, where she is being allowed to see her husband, Count Sikray, brother-in-law of James W. Gerard, former American Ambassador to Germany. The Count was arrested in connection with the attempted coup d'etat to put the former Emperor Charles on the throne of Hungary. Count László Szechenyi, husband of the former Gladys Vanderbilt who should have left Oct. 20 for Washington as Hungarian Minister, is now waiting until the situation has cleared.

LONDON, Oct. 31.—The members of the Little Entente—Jugoslavia, Czechoslovakia and Rumania—have been informed by the great Powers that the latter "very strongly disapprove" any action toward intervention against Hungary at present, it was semi-officially announced here to-day.

The Council of Ambassadors at its meeting in Paris Saturday took action along the lines indicated in the foregoing when, according to the reports of its proceedings, it decided to tell the Allied representatives in the Little Entente countries to recommend that these States suspend war preparations in connection with the Hungarian situation. The Allied Powers, it was added, were doing all possible in the case of Emperor Charles and hoped to be able to give guarantees against any repetition of his attempt to regain the Hungarian throne.

### WEEKS SUMMONS FORD.

WASHINGTON, Oct. 31.—Secretary Weeks, returning to-day from his trip of inspection of the Muscle Shoals (Ala.) nitrate and power plants, conferred with President Harding and announced he had requested Henry Ford to visit Washington for a conference on the Detroit manufacturer's offer for the projects.

## REAR ADMIRAL SIMS ILL WITH PLEURISY

Condition Not Serious and Recovery Expected Soon.

Special Despatch to THE NEW YORK HERALD. NEWPORT, R. I., Oct. 31.—Rear Admiral William S. Sims, U. S. N., is quite ill at the War College here. His illness at first was diagnosed as slight, but last night pleurisy developed and brought some concern to the family.

Mrs. Sims stated to-night that the condition of the Admiral was not serious and that she expected him to be up in about eight days.

Admiral and Mrs. Sims and their children occupy the President's house at the War College, which is situated on Coasters Harbor Island. Commander Norman T. McLean is the physician in charge of Admiral Sims and he stated

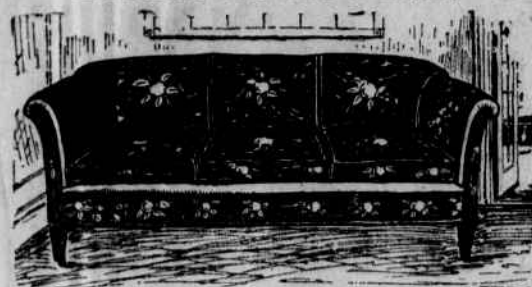

## LIMA WORKERS STONE GRACE & CO.'S BUILDING

Closing of Textile Mills Believed to Be Cause.

LIMA, Peru, Oct. 31.—About 100 workmen, most of them textile operatives, last night stoned the building occupied by W. R. Grace & Co., making windows and doing other slight damage. Policemen finally dispersed the crowd. The stoning took place when the police prevented a meeting which had been called by the Peruvian Federation of Labor as a result of the recent closing of mills which the Grace company controls.

## A Nation Pays Tribute to the Knickerbocker

BYRON woke one morning to find himself famous—the Knickerbocker found itself famous before it went to bed—even on the opening day it was all over but the shaving, and we return to the subject only as a prima donna returns to the stage to face a fusillade of flowers—compliments must be acknowledged—we had no idea of the magnitude of our achievement—we opened a new Terminal Shop and gave a new impulse to literature—the Knickerbocker has furnished pabulum to poets and inspiration to the editorial chair—it has been immortalized by "F. P. A.", and its orchestra has solved a triangular domestic difficulty according to "K. C. B."—and aside from countless columns of news items on the subject, more than ninety editorials in the leading newspapers of the country have paid tribute to the latest example of Terminal enterprise.

But compliments, like flowers,  
should be smelled, not swallowed

The final test of Knickerbocker success is in the shop itself, in the efficiency of its service, in the scrupulous performance of its promise, and in a patronage already unparalleled in any shop in the world. We wish only to add, that a nation's praise has not gone to our heads but to our hands. We still wear six-and-seven-eighths!

For the first nine months of 1921 The New York Herald carried more lines of Foreign (National), Local and Total Display Advertising than any other New York morning newspaper with one exception.

THE NEW YORK HERALD

The  
**AEOLIAN COMPANY**  
Offers This Exquisite  
SMALL GRAND PIANO  
at \$695

THIS BEAUTIFUL instrument, the Stuyvesant Small Grand, combines the true "grand" quality of tone, the superiority of "grand" action, and the beauty of case design only to be found in grand pianos.

We wish to call the attention of music-lovers to the advantages of this Grand Piano for apartments and small rooms. But 4 feet, 10 inches in length, it occupies practically the same amount of space as an upright—yet it brings to your home the distinctive elegance of a grand piano.
